PPF4Ukraine

PROGRAMME OVERVIEW

- **Municipality level**
- Total programme envelope: **CHF 21 million**
- Focus sectors: **Energy, Water/Wastewater, Urban Mobility**
- Implementation period: **2025–2030, with option for 5 additional years**
- Objective: **Prepare bankable projects (PFS, FS) aligned with IFI standards**
- Implemented by a **consortium** selected through a public tender (**NIRAS – Implenla – Egis Ukraina, with Swiss-Ukrainian Reconstruction Agency (SURA) and Municipal Development Institute (MDI) as subcontractors**)

OVERALL OBJECTIVE:

To **support Ukraine's** sustainable recovery and reconstruction by preparing and **enabling bankable, climate-resilient municipal infrastructure investments** and by mobilising **Swiss expertise** and **private sector participation** across infrastructure sectors.

1. Ukraine buy-in

- **MinDev in SC**
- **Relationship with key players** – MoF, Agency for Restoration, SAEE, etc..
- **Joint identification of bankable infrastructure investment opportunities**

2. IFI integration

- **Cooperations with IFIs** (EIB, EBRD) in preparation phase and investment financing

3. Swissness

- **Best practise of Swiss know how and technology transfer**
- **Swiss business involvement**

Components

Component 1

Project preparation and quick-win measures

- **Quick-win measures** (in total CHF 1m, max CHF 0.15m /p)
- **Pre-Feasibility and Feasibility studies**, design, environmental and social analyses
- Municipal **capacity building** via on-the-job training

Component 2

Co-financing of investment measures

- **Identification** of investment-ready candidates
- Preparation of co-financing **applications and contracts**
- **Alignment** with IFI procedures and loan requirements

Component 3

Swiss-Ukrainian business networks

- **Outreach** to Swiss and Ukrainian associations
- **Event organization** to inform Swiss private sector
- **Matchmaking** with municipalities and utilities

Inception Phase (November 2025 – May 2026)

KEY DELIVERABLES COMPLETED

- **Operations Manual approved by SC**
 - Project selection and evaluation methodology
 - Communication & Visibility Handbook
- **Initial project pipeline and screening process established**
 - Completion of the First Project Evaluation Batch with two subprojects approved for PFS financing
- **Stakeholder consultations with IFIs, ministries/state agencies and municipalities**

How PPF4Ukraine works

How PPF4Ukraine Works

From project idea to implementation support

FOCUS ON BANKABLE AND IMPLEMENTABLE MUNICIPAL PROJECTS

Selection of Projects
